

Blanchard Valley Health System welcomes **Kellee R. Schweitzer, MD** to our medical staff! Dr. Schweitzer is a physical medicine, rehabilitation and interventional pain management physician and partner at Northwest Ohio Orthopedics & Sports Medicine.

Dr. Schweitzer earned her medical degree at University of Chicago Pritzker School of Medicine (Chicago, IL) and completed her residency at Schwab Rehabilitation Hospital, an affiliate of the University of Chicago Hospital (Chicago, IL). She completed her fellowship training in interventional spine and musculoskeletal pain at the University of Wisconsin – Madison (Madison, WI).

Dr. Schweitzer is board-certified in physical medicine and rehabilitation and fellowship-trained in pain management and interventional pain management procedures.

Dr. Schweitzer's specialty interests include interventional pain management of cervical, thoracic and lumbar spine pain, peripheral joint pain, interventional management of compression fractures, neuropathic pain, phantom limb pain, complex regional pain syndrome, and general musculoskeletal pain.

Please join us in welcoming Dr. Schweitzer to our medical staff!
